CHIEF SECRETARY,
2 JAN. 1929

N. Madhava Rao, Esq., B.A.,B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B a n g a l o r e.

S i r,

I have the honor to state that the General Secretary to the Government of Mysore, Bangalore, in his letter No. G. 3452-3/Med. 127-26-15 dated 27th September 1927, enquire whether the Municipal Council were agreeable to make a contribution for the constitution of a permanent Leprosy Relief Fund in the State.

2. The subject was considered by the Managing Committee and the Municipal Council in their meetings held on 20th November 1928, and 19th December 1928 respectively, and they have approved of the grant of Rs 250/- per annum towards the said fund.

3. Copies of the resolutions of the Municipal Council and the Managing Committee are herewith forwarded for information and for obtaining sanction of Government for -- the grant.

I have the honour to be,
S i r,
Your most obedient servant,

For President.

OFFICE OF THE SECRETARY, ANTI-LEPROSY CAMPAIGN COMMITTEE IN MYSORE,

GRACE VILLE, PALACE ROAD, BANGALORE.

No. L.50/3 Bangalore, dated 13th September 1929

From

Med 127-26-55

S. SUBBA RAO, ESQ., B.A., M.B., C.M., L.R.C.P. (Eng) M.R.C.S. (Lond), D.P.H..
Senior Surgeon in Mysore, and President,
Anti-Leprosy Campaign Committee in Mysore,
BANGALORE.

GENERAL BRANCH 18 SEP 1929

To

R. RANGA RAO, ESQ., B.A., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

CHIEF SECRETARY 16 SEP 1929

Sir,

Pay 17/9/29

I have the honour to state that the Anti-Leprosy Campaign Committee in Mysore constituted as per G.O. No. G.2800-75/Med.61-26-1, dated the 8th September 1926 met on the 9th September 1929 and considered, among other things, draft rules for the administration of the Leprosy Relief Fund. A copy of the rules as approved by the Committee is herewith enclosed for your information and for obtaining early approval of Government.

In this connection I have to state that at a meeting held on the 13th December 1926, the Anti-Leprosy Campaign Committee in Mysore resolved to constitute a permanent Leprosy Relief Fund in the State towards which Government should be requested for the grant of an annual contribution and requisitions should also be sent to every District Board, District Headquarter Municipality and the Sanitary Board., K.G.F. Proposals were submitted to Government in pursuance of the above resolution adopted by the Committee vide Sanitary Commissioner's letter No. C.879-3, dated the 28th April 1927. As per letter No. G.5029/Med.127-26-51, dated the 30th October 1928 from the General Secretary to Government the undermentioned Local Bodies have agreed to contribute sums noted against each of them:-

them:-

The Mysore City Municipal Council. ...	Rs. 250	Per annum.
The District Board, Mysore District. ...	" 300	"
The District Board, Tumkur District. ...	" 100	"
The District Board, Bangalore District.	" 300	"
The District Board, Shimoga District ...	" 150	"
The District Board, Kolar District. ...	" 150	"
The District Board, Hassan District. ...	" 150	"
The Town Municipal Council, Chickmaglur.	" 100	"
The Do. Shimoga. ...	" 100	"
The Do. Tumkur. ...	" 50	"
The Do. Hassan. ...	" 50	"
The Do. Chitaldrug.	" 50	"
The City Municipal Council, Bangalore...	"	

The following amounts received up till now from the Honorary Treasurer, The British Empire Leprosy Relief Association, and the employees of the Body Guard Department, Mysorexx, are held in the State Huzur Treasury:-

1.	The B.E.L.R. Association	Letter No. 211-L dated 10-9-1926. ...	Rs. 470
2.	Do.	Letter No. 57-L dated 8-4-1927. ...	" 700
3.	Do.	Ch. No. A8759 dated 30-3-1928. ...	" 700
4.	Do.	Letter No. 287-L dated 6-4-1929. ...	" 300
5.	The employees of the Body Guard Department, Mysore, Ch. No. A2241554 dated 9-3-1927.		" 24

Government in their Order No. G.1012-4/Med.63-26-18, dated the 29th July 1927 conveyed sanction for expending from out of the Fund as occasion demanded.

A number of bills pertaining to this work is pending payment and these bills were considered by the Committee and passed for payment. The parties are pressing for early settlement.

In order to facilitate work, I would request that in accordance with the resolution of the Committee, the moneys till now held in the State Huzur Treasury be transferred to the Bank of Mysore Ltd., Bangalore, and the Bank be authorised to open an account under the head "The Anti-Leprosy Campaign Committee Fund". Further, the Local Bodies who have kindly agreed to make contributions be also ~~be~~ requested to deposit their contributions in the above Bank and to intimate ~~khx~~ to the Secretary, The Anti-Leprosy Campaign Committee in Mysore, "Grace

"Grace Ville", Palace Road, Bangalore, of the fact of having done so. A quarterly statement of accounts rendered will be submitted to Government for favour of information.

A copy of the proceedings of the meeting held on the 9th September 1929 is also enclosed for favour of information.

In the interest of further work I solicit early orders of Government.

I have the honor to be,

Sir,

Your most obedient servant,

S. Subba Rao.

SENIOR SURGEON IN MYSORE and
PRESIDENT,
ANTI-LEPROSY CAMPAIGN COMMITTEE IN MYSORE.

PROCEEDINGS OF THE ANTI-LEPROSY CAMPAIGN COMMITTEE MEETING HELD ON 19th September 1929.

----oOo----

R E A D -

1. Report by the Secretary of the Committee of the work done during the year 1928-29.

"Leprosy Survey which was conducted in the Mandya and Malavalli Taluks, Mysore District, by the Superintendent, Leper Asylum, Bangalore, was further taken up and completed during the year.

Out of a population of 256,873 (1,36,204 Mandya Taluk, - - 120,689 Malavalli Taluk) 194 leper cases (121 men, 44 women, 18 boys and 11 girls) were detected and brought under treatment. 144 were of the nerve type, 22 nodular and 22 mixed. The examination was in detail inclusive of any accompanying diseases. In a study of these 194 cases detected, in these areas, it was found that the - incidence of the disease was very irregular, being high in certain villages and very low among people in the neighbouring places. - This observation would naturally raise a doubt against the generally accepted theory that leprosy is spread by contact but a closer study of these cases, however revealed that close contact played an important part in the spread of the disease. Local history showed that, about 40 or 45 years ago, leprosy was unknown in these parts, the first known case being among the Adikarnatakas of Bachenahalli, Malavalli Taluk. These Adikarnatakas went out for labour to the Coffee Estates of Coimbatore District, Madras Presidency, where - they freely mixed with people coming from other parts for labour and where the conditions of living were very much below the standard. In the course of 10 years after this known case, a few more cases occurred among the Adikarnatakas of the village and today the disease has spread in 16 families of the village. The next place where the disease showed itself was Kannalli, MandyaTaluk, among - those Adikarnatakas who had family connection with the Adikarnatakas of Bachenahalli and consequently had free exchange of the disease but also came in close contact. From the Adikarnataka com-

munity it spread to a few Bestar families who freely mixed with the Adikarnatakas and no case was traceable in other communities of - - these villages who kept aloof from the Adikarnatakas. A similar - history of contact was traceable in other villages where leprosy -- was detected. This brings forth the prominent place occupied by - - contact in the spread of the disease. All the leper cases traced up till now have been placed under treatment and observation, by pooling - Sub Assistant Surgeons who have undergone a special training in leprosy. The Mysore Leper Regulation of 1926 was extended to this area and the Government sanctioned additional accommodation for - the housing of extra lepers in the Leper Asylum, Bangalore, and - also the acquisition of land for the further extension of the Asylum. The authorities of the Public Works Department are taking necessary action in the matter.

The District of Shimoga was also surveyed by a trained Sub Assistant Surgeon. Based on a preliminary report, the following places were visited for a detailed survey:-

Shimoga Town, Mandagadde, Bhadravati, Humcha, Humchadakatte, Kallurkatte, Hadigal, Kolandur, Basavapatna, Hosakatte.

Only 19 leper cases could be traced in these areas, of shom, 9 were indigenous cases and 10 out-siders mostly coming from Malabar. During the course of his itineration he was not able to trace any - leprosy affected village." A report has been received recently from the Sub Assistant Surgeon stationed at Hosur, Goribidnur Taluk, Kolar District, and arrangements have been made for a detailed survey of these areas. A report embodying the result of the survey will be submitted after its completion. District Medical Officers who are Inspectors of Lepers have been requested to issue instructions to the Medical Officers and Subordinates working under them to notify to them cases of leprosy and to forward a consolidated statement to the Secretary, The Anti-Leprosy Campaign Committee, Bangalore, for further action and report.

During the year 1928, 196 cases of leprosy were treated at the Leper Asylum, Bangalore, particulars being -

1. Remained at the close of the year.	...	49
2. Admissions during the year -		
(a) By warrant of the Health Officer, C & M. Station, Bangalore.	...	9
(b) By warrant of the Health Officer, City Municipality, Bangalore...		43
(c) By voluntary admission.	...	95
Total.	...	196

To provide better facilities for diagnostic work the laboratory attached to the Asylum has been recently equipped with necessary appliances and it would be further improved during the course of the year.

In addition to the routine treatment advocated by Dr. Muir, Research Scholar, School of Tropical Medicines, Calcutta, a few selected cases were treated by Dr. Row's Therapy which was discontinued as the patients did not show any improvement. On the analogy of Tuberculosis, selected cases are being treated with heavy metal (gold - Sanocryson) and the results are being watched. In a few selected cases, photographs recording the several stages of improvement under treatment have been taken and latern slides prepared out of them for demonstration purposes. A set of slides prepared by the Red Cross Society are also indented for and received. An Out-Patient Dispensary for Lepers was opened in Bangalore City on 15th February 1929 and 6 cases of leprosy are under treatment. A camera with a complete of accessories is also purchased for preparation of slides."

Resolution - The Committee record the good work done in this direction.

2. Bills - The Bills presented by the Secretary were considered.

Resolution - The bills were approved and passed for payment, the Secretary being authorised to arrange for the payment of the bills from the Leprosy Fund.

3. Draft Rules for the Administration of the Leprosy Fund were considered.

Resolution - Rules were approved.

S. SubbaRao.
